

TRANS*?

In school or college?

KNOW YOUR RIGHTS AT SCHOOL AND COLLEGE

* Trans = someone whose gender is in some way different to the one they were assigned. Trans is an umbrella term which can include people who identify as transgender, non-binary, no gender, gender-questioning etc

YOU CAN

use whatever name, pronoun, title you want

YOU HAVE

the right to be taken seriously

YOU HAVE

the right to decide who knows that you are trans, when you tell people and how to tell them

YOU HAVE

the right to use whichever toilet you feel most comfortable using and to have equal access to a gender neutral toilet

YOU HAVE

the right to positively learn about trans identities at school or college

YOU DON'T

need any documentation to prove it

YOU DON'T

have to undergo any changes, medical or social, to have these rights under the Equality Act 2010

YOU DON'T

have to deal with transphobic bullying. This is a hate crime and you can report it to school, college or the police

If your school or college doesn't know answers to your questions, they should research the guidelines for what to do next
